how hitler came to power describes how what amounted to a conspiracy of german military and industrial cliques and in particular members of the pre first world war pan german league manipulated allied leaders and misrepresented the treaty of versailles to further their ambitions it was they who created the conditions which let hitler come to power economic historian sara moore is the author of *Peace Without Victory for the Allies 1918-1932* berg 1994 in her new book she skilfully details how america and the allies failure to secure an unconditional surrender allowed factions within the german ruling elites to portray their country s military defeat as a stab in the back by weak liberal politicians they shared beliefs in bismarck s legacy of blood and iron the ideology of the master race and germany s destiny as a world power millions had voted for democracy and pacifism in 1928 this angered members of the pan german league such as newspaper magnate alfred hugenberg and his former employer gustav krupp they pursued their nefarious schemes to undermine the weimar republic with zero regard for the human cost real politik ruled moore reveals that germany was world s largest exporter in 1931 and its reichsbank full of funds when it pointed to the misery of its people and asked for a moratorium on its reparations payments foreigners worried about germany s huge number of unemployed and feared that the country would be overcome by bolshevism but their fears were groundless because unknown to them krupp had secretly concluded a contract in which he agreed to assist stalin in modernising his armed forces provided that stalin ordered the german communists to vote with the extreme right instead of the left in the german reichstag krupp also helped stalin create and organise giant collectives to pay for his weaponry demoralised by taxation mass unemployment and misinformation the german people finally lost their faith in democracy and in 1932 voted to support hitler only a short time later hindenburg allowed him to become dictator yet krupp hugenberg and the pan germans who helped hitler s rise to power seem to have escaped censure for eighty years

includes pictures profiles the seminal events that helped hitler rise to power and consolidate his position including the end of world war i the beer hall putsch the burning of the reichstag and the night of the long knives includes online resources for further reading includes a table of contents i cannot remember in my entire life such a change in the attitude of a crowd in a few minutes almost a few seconds hitler had turned them inside out as one turns a glove inside out with a few sentences it had almost something of hocus pocus or magic about it dr karl alexander von muellerit is often claimed that adolf hitler rose to power in germany through democratic means and while that is a stretch it is true that he managed to become an absolute dictator as chancellor of germany in the 1930s through a mixture of politics and intimidation ironically he had set such a course only because of the failure of an outright coup attempt known as the beer hall putsch about a decade earlier at the close of world war i hitler was an impoverished young artist who scrapped by through selling souvenir paintings but within a few years his powerful oratory brought him to the forefront of the nazi party in munich and helped make the party much more popular a smattering of followers in the hundreds quickly became a party of thousands with paramilitary forces like the sa backing them and at the head of it all was a man whose fiery orations denounced jews communists and other traitors for bringing upon the german nation the treaty of versailles which had led to hyperinflation and a wrecked economy the early 1930s were a tumultuous period for german politics even in comparison to the ongoing transition to the modern era that caused various forms of chaos throughout the rest of the world in the united states reliance on the outdated gold standard and an absurdly parsimonious monetary policy helped bring about the great depression meanwhile the empire of japan began its ultimately fatal adventurism with the invasion of manchuria alienating the rest of the world with the atrocities it committed around the same time gandhi began his drive for the peaceful independence of india through nonviolent protests against the british it was in germany however that the strongest seeds of future tragedy were sown the struggling weimar republic had become a breeding ground for extremist politics including two opposed and powerful authoritarian entities the right wing national socialists and the left wing kpd communist party as the 1930s dawned these two totalitarian groups held one another in a temporary stalemate enabling the fragile ghost of democracy to continue a largely illusory survival for a few more years that stalemate was broken in dramatic fashion on a bitterly cold night in late february 1933 and it was the nazis who emerged decisively as the victors a single act of arson against the famous reichstag building proved to be the catalyst that propelled adolf hitler to victory in the elections of march 1933 which set the german nation irrevocably on the path towards world war ii like other totalitarian regimes the leader of the nazis kept an iron grip on power in part by making sure nobody else could attain too much of it leading to purges of high ranking officials in the nazi party of these purges the most notorious was the night of the long knives a purge in the summer of 1934 that came about when hitler ordered the surprise executions of several dozen leaders of the sa this fanatically national socialist paramilitary organization had been a key instrument in overthrowing democratic government in

germany and raising hitler to dictatorial power in the first place however the sa was an arm of the nazi phenomenon which had socialist leanings and which was the private army of ernst r hm which was enough for hitler to consider the organization dangerous
